Why this is a great place to work: ASU Facilities Development and Management (FDM) maintains and services all university-owned property, and develops and constructs innovative and sustainable facilities. FDM's vision is to contribute to and guarantee the success of the university's mission by creating and caring for the ASU campus and environment. We provide quality customer service, effectively steward our resources, and meet the needs of the university through creative and collaborative efforts.

ASU offers a comprehensive benefits package at very competitive rates to enhance the total compensation of its faculty and staff. This package includes low-cost health and life benefits to insure you and your family, a wellness program for preventative health education and screenings, a disability and leaves program for income protection, employee assistance for free and confidential behavioral health services, access to world-class educational opportunities at deeply discounted rates, disability resources for Americans with Disabilities (ADA), a retirement program with a variety of retiree benefits to ensure your financial security at the end of your career, paid vacation and holidays – and more. For more information, please visit the Office of Human Resources, Benefits website, at <https://cfo.asu.edu/benefits>

ASU's comprehensive benefits package is a significant part of your overall total compensation – and ASU pays for most of it when you are a benefits-eligible employee. <https://cfo.asu.edu/compensation-estimator>
